MACHINE LEARNING ENGINEER

PROFILE

Machine Learning Engineer with hands-on experience with model deployment using AWS cloud. Learning and working on projects like with the use of Technologies NLP, ML, and DL with 1 years of experience.

WORK EXPERIENCE

ML ENGINEER AIMS Tech (Jan 2021-present)

AWS   : Worked on EC2 Instance for djangoModel deployment andStorage tasks.
AWS   : Worked on AWS Lambda function
DL Models : Worked on Deep learning models to validate the text files
NLP   : Worked on NLP models to extract information from the text files,excel files.
Spacy   : Trained Named Entity Recognition with Spacy.
Django   : Developed API to query MySQL Table

SKILLS

- Python
- Machine Learning
- Github
- Deep Learning(Tensorflow, Pytorch)
- Restapi(Flask, Django)
- Mysql
- Linux
- R
- Excel
- NLP

EDUCATION

M.SC DATA ANALYTICS

Bharathiar University (2017 - 2019)
Coimbatore

B.SC COMPUTER SCIENCE

Bharathiar University (2014 - 2017)
Gudalur

CERTIFICATES

Google The Fundamental of Digital Marketing
PCEP – Certified Entry-Level Python Programmer
Deep Learning Specialization – Coursera
DeepLearning.AI TensorFlow Developer - Coursera
